

ExpandedED Schools

OFFERS PROFESSIONAL DEVELOPMENT

We're committed to developing the professional capacity of staff in our ExpandedED Schools network every year and at every level—from principals to AmeriCorps members—and gathering them frequently for exchanges among peers. Here are some of the trainings we offer:

STEM Educators Academy • Engineering Is Elementary • Water Water Everywhere • Urban Ecology • Space Geology • Flowers and Insects and Bears, Oh My! • Fostering Inquiry: Using STEM to Engage and Inspire Students • STEM 101 • Full STEAM Ahead: Incorporating Arts and Humanities into STEM • STEM in the Informal Environment • Supporting Literacy in STEM

Common Core Math • Crazy Eights Math Club

Literacy and Lesson Planning • Literacy Games • Curriculum Training • English Language Learners Institute • Comic Book Curriculum • Fashion & Literacy • Building a Community of Readers & Writers • Literacy and the Common Core • Adolescent Literacy • Literacy-Based Drama Activities • Music & Literacy • Literacy & Dance • Poetry & Creative Writing

Exploring Computer Science (Scratch, CS First, Coder for Raspberry Pi) • Digital Learning • Connect2Tech with MediaBreaker

Engaging Middle School Youth • Building School/CBO Partnerships • Service & Project-Based Learning • Managing Difficult Behavior • Staff Recruitment Strategies • Observing and Coaching • Cultivating Positive Growth Mindset • Advocacy

Parent Engagement • Homework Help
